Filosofía

Philosophy

El buen juicio nace de la buena inteligencia
y la buena inteligencia deriva de la razón,
sacada de las buenas reglas; y las buenas
reglas son hijas de la buena experiencia:
madre común de todas las ciencias y las artes.
(Leonardo Da Vinci)

Good judgement comes from good intelligence
and good intelligence derived from the right,
taken from the good rules; and the good rules
are daughters of good experience: common
mother of all sciences and arts.

Bkcontract desea dar valor a un conjunto de artículos de alta representación que han de aportar singularidad, riqueza estética y nobleza en el detalle.

El trabajo artesanal de ebanistería y la elección de materia prima como la madera maciza de Haya y Fresno para la construcción de su pata así lo constatan.

Managerial Desk

With the W programme, BKContract seeks to lend added value to a series of highly representative articles designed to deliver singularity, simplicity, aesthetic wealth and nobility in the details of their material and manufacture.

The cabinetmaking craftsmanship and choice of solid beech and ash as the raw material for the construction of their legs speak for themselves.
